## **Meridian Design Build Completes Healthcare Renovation Project**

Meridian Design Build recently completed the renovation and expansion of a 14,626SF medical office facility for Barrington Orthopedic Specialists at 120 E Higgins Road in Elk Grove Village, IL.

The project, completed on a fast-track basis in just 64 working days, involved the full renovation of an existing single story office building to repurpose it for medical use. The completed project includes a physical therapy gym, exam rooms, cast rooms, imaging areas, and full service rehabilitation facilities. An addition was also constructed to accommodate reception/waiting areas and a covered patient drop-off canopy.

Bob Kolcz, Project Manager, and Fred Jennings, General Superintendent, coordinated the project for Meridian Design Build. Areté-Knight provided comprehensive design services including architectural, structural, MEP/FP, and interior design.

Meridian Design Build, a Member of the U.S. Green Building Council, offers full-service general contracting and design/build services to the office, healthcare, retail, hospitality, industrial and commercial markets. More information on Meridian Design Build can be found at [www.meridiandb.com](http://www.meridiandb.com).
