

## *Meridian to Design Four Facilities*

Meridian Design Build has been selected to provide full design-build construction services for four new showroom/branch distribution facilities for a Fortune 500 Company and leading supplier of facilities maintenance and related products. They will be located in Aurora, Bensenville, Elgin and Rockford. The design team for the Elgin, Rockford, and Aurora projects includes Harris Architects, Inc., and Jacob and Hefner Associates P.C. Cornerstone Architects, Ltd. and Jacob and Hefner have been retained for the Bensenville project.

The 20,435-sq.-ft. Aurora build-to-suit will be located on Bilter Road in the Dolan and Lies Subdivision. The Elgin facility will have 54,991 sq. ft. and be located within Northwest Corporate Park at 2520 Vantage Drive. In Bensenville at 880 Devon Avenue a new 26,033-sq.-ft. facility will be within the 107,800-sq.-ft. O'Hare Logistics Center I Building. The 20,070-sq.-ft. Rockford build-to-suit at Harrison Avenue and Wendy Lane lies within a new business park being developed by the William Charles Corp.

Howard Green, e.v.p., and Bob Kolez, project manager, will be coordinating the design and construction for Meridian. Fred Jennings will be general superintendent, Tom McNett and Tim Jones, superintendents, and Jeff Samet, assistant superintendent.
