MERIDIAN UNDERTAKES OFFICE RENOVATION

Northbrook, Ill. — Highland Baking Co. has selected Meridian Design Build to design and construct a new corporate office space at the company's existing headquarters in Northbrook. Located at 2301 Shermer Road, the project includes the selected demolition and construction of approximately 12,500 square feet of office space in a vacant single-story building attached to the main plant. The new space will include private offices, a sales area, renovated restrooms, conference rooms and a lunchroom. A+M Architects is providing architectural services for the project.
