84,000-SQUARE-FOOT FOOD FACILITY EXPANSION COMPLETE IN MELROSE PARK, ILL.

Melrose Park, Ill. — Meridian Design Build has completed a facility expansion for Kerry Ingredients & Flavours. The new 84,000-square-foot facility is located at 3141 W. North Ave. in Melrose Park. The design redevelopment project included the demolition of an outdated two-story, 100,000-square-foot facility. The facility includes five truck docks, silo pads, and a material unloading area with security initiatives, including card readers, security cameras, fencing and motor-operated sliding gates. Harris Architects provided architectural services for the project, while Jacob & Hefner Associates served as civil engineer.
