Meridian Completes Construction on Self-Storage Facility

The Lock Up is located adjacent to the Main Street Marketplace shopping center at the northwest corner of Main Street and Geneva Road in Wheaton, Ill.

WHEATON, ILL. -- Meridian Design Build has completed the construction of an 81,543-square-foot self-storage facility in Wheaton. The Lock Up is located adjacent to the Main Street Marketplace shopping center at the northwest corner of Main Street and Geneva Road. The four-story facility offers climate controlled and drive-up units and features covered loading bays with secure access. Partners in Design Architects provided architectural services for the project and Watermark Engineering Resources Ltd. provided civil engineering work.
