

MERIDIAN SELECTED TO RENOVATE MOSS FACILITY

Elk Grove Village, Ill. — Moss Inc. has selected Meridian Design Build to complete a renovation of a 104,930-square-foot industrial building the company recently leased at 2600 Elmhurst Rd. in Elk Grove Village. Meridian will renovate the building to accommodate manufacturing and warehousing operations for Moss. Process electrical wiring, process ventilation and compressed air distribution will all be installed; a climate-controlled, 4,000-square-foot print room will be constructed; and a fully enclosed interior loading dock area will be built. The construction timetable was not released. Moss is leasing the property from Mirvac Industrial Trust.
