## PROJECT SPOTLIGHT

### **MERIDIAN DESIGN BUILD TO RENOVATE 14,626-SQUARE-FOOT ORTHOPEDIC FACILITY**

**ELK GROVE, ILL.** -- Deerfield, Ill.-based Meridian Design Build was selected to complete the renovation of a 14,626-square-foot facility for Barrington Orthopedic Specialists, located at 120 E. Higgins Rd. in Elk Grove Village.

Construction is currently underway on the project, which includes the full renovation of an existing, single-story office building to accommodate new exam rooms, cast rooms, imaging areas, rehabilitation facilities and a physical therapy gym. A significant amount of interior demolition work is already complete, and a building addition is being constructed to include waiting areas and a covered patient entrance/dropoff area.

Project manager Bob Kolcz and Fred Jennings, general superintendent, are coordinating the project for Meridian. Arete-Knight will provide architectural, structural and interior design of the space.
