

## Meridian Design to build two facilities

**BENSENVILLE** | Construction will be underway for two spec buildings in the O'Hare Logistics Center, a 12-acre park owned and developed by **Seefried Properties**.

**Meridian Design Build** will build the two facilities, totaling 188,160 square feet, and scheduled for completion in the first quarter of 2007. Both buildings are designed to accommodate freight forwarding and cargo warehousing.

**Robert Kolcz** of Meridian Design Build will be project manager, and **John Helgesen**, will be general superintendent. The design team includes **Cornerstone Architects Ltd.** as architect and **Jacob and Hefner Associates** as civil engineer. **John Sharpe** and **Chris Nelson** of **Lee & Associates** represented Seefried Properties.
