Meridian Design Build officials say the company is settling into its new Rosemont headquarters at Pointe O'Hare, 9550 W. Higgins Rd.

Previously located in Deerfield, the business moved all operations to Rosemont in September occupying a 11,500 square foot space in the 11-story office building owned by Equity Office.

Designed by Partners in Design Architects, the new office has collaboration-friendly work areas, a cafe, wall mounted TVs and LED lighting.
